

Mayors report December 2024

Since the last full council its been quite a busy month. Regrettably, we have not been able to attend every invited event as there were many clashes

As always Id like to highlight a couple of invites that I very much enjoyed gaining greater awareness of the diversity that we have in our great Town

The first of these was held by 18 hours. Most of us know this organisation as an event management company. They offer much more than that to our town. They include an educational library set up (on line and in hand) and support a number (around 20 odd) people from all round the World that have made Bexhill their Home. I particularly enjoyed chatting to a couple of ladies whose country of Birth was Trinidad. A very interesting Caribbean island that I have some knowledge of

2 days later I was invited to a festive celebration at St Stephens church that focused on the Filipino community in Bexhill. Some came as far as Kent to enjoy an evening of Food, Song and other festive fun.

So many diverse organisations in our great Town

I also was apart of turning on the lights to 4 Christmas trees. It still amazes me the joy that there is, mainly for children but lets face it we Adults enjoy them too that turning on a few lights can give

When there are so many struggles, that we all cope with at home and around the World to be apart of creating a little cheer was very enjoyable

Date	For the year	Event	Mayor	Deputy
29/11/2024	75	Sidley Christmas lights turn on	x	
30/11/2024	76	Central christmas lights turn on event	x	x
