00269. PLANNING CONSULTATIONS

To consider response to consultation on King Offa Development

A motion was put forward to wait for more

It was **RESOLVED** to not support the Kings Offa development for the following reasons:

- The site will create pollution directly affecting the neighbouring school sites as they will back onto the entrance to the new development.

- There is a lack of infrastructure to support the size of this development, such as GP surgeries and other healthcare services and school places.
- The road network and particularly the A259 is not suitable for this scale of development and the council has concerns over the already busy junction into Downs Road. The council would like to see a traffic survey carried out.
- The scale of the development is too large and will have a detrimental affect on local wildlife and the ecosystem. The council requires an environmental impact study to understand the damage to wildlife and the surroundings before it can be considered

00270. DISTRICT COUNCIL PLANNING COMMITTEE UPDATES

- a) To note the following application to be heard at committee and consider response:

RR/2021/1455/P BEXHILL DEL Gulliver's Bowls Club - Land at, Knole Road, Bexhill TN40 1LJ Replacement of club house, refurbishment of indoor bowls rink and the erection of 8no 2 bedroom dwellings together with associated car parking and landscaping

It was **RESOLVED** to write to Rother District Council to object to the proposals. The proposed development represents a loss of amenity green space which should be protected.
